

## **REMARKS**

Claims 44 and 45 were pending prior to this Response. By the present communication, no claims have been added, canceled, or amended. Accordingly, upon entry of this communication, claims 44 and 45 will be under consideration in this application.

### **Double Patenting**

Applicants respectfully traverse the rejection of claims 44 and 45 as allegedly being unpatentable on the ground of non-statutory obviousness-type double patenting over claims 1 and 2 of U.S. Patent No. 7,332,575. Submitted herewith is a terminal disclaimer disclaiming the terminal part of any patent granted on the above-identified U.S. Application No. 09/628,112 that would extend beyond the expiration date of U.S. Patent No. 7,332,575. Accordingly, withdrawal of the rejection is respectfully requested.

### **Co-Pending Applications**

The Office Action requests that Applicants “identify any other co-pending applications directed to the same subject matter as the instant invention.” (Office Action, page 3). Without acquiescing to the reasoning of the Office Action, Applicants submit herewith an Information Disclosure Statement identifying co-pending applications that may be material to the patentability of the claimed subject matter in this application.
